SUMMARY

I am a UI/UX Designer based in Adelaide who loves designing interactive digital experiences. You can find my portfolio of works at: **cybertropy.com**.

I have spent the last years designing and managing digital products in the cultural and creative industries. Currently, I have a student visa that only allows me to work part-time; however, I am in the process of getting a permanent visa that will allows me to work full time in a few months.

SKILLS

Design: I design user interfaces in Figma with a strong focus on user experience and Mobile-first design. I'm an expert in Information architecture, user journeys, prototypes, usability testing, and look & feel evaluations.

Front-end development: I develop websites in HTML5+CSS3, I use Atom as a source code editor, and I am an expert working with CMS platforms such as Sharepoint, Drupal, Joomla and Wordpress. I also have experience with some animated pieces using Adobe Animate, Premiere, and Audition to create them.

Philosophy: I make things powerful, functional and user friendly.
